News Brief: Workday Journeys Named Employee Onboarding Solution of the Year by RemoteTech Breakthrough

PLEASANTON, Calif., June 29, 2022 -- Workday (NASDAQ:WDAY), a leader in enterprise cloud applications forfinance and human resources, today announced that Workday Journeys was named Employee Onboarding Solution of the Year in the third annual RemoteTech Breakthrough Awards.

Workday Journeys helps enable organizations to tailor experiences that guide employees through critical moments and transitions, such as onboarding, job transitions, a leave of absence, health and wellbeing, crisis response, diversity and inclusion (D&I), and more.

By bringing together data, insights, and actions from Workday and non-Workday systems, organizations can deliver a personalized journey experience in a single workspace to help enhance engagement, improve productivity, and support employee development. For example, employees can view announcements, complete tasks such as requesting time off, take learning courses, initiate career conversations, and take recommended actions in their Workday workspace for a more convenient, collaborative, and meaningful experience.

“Onboarding needs to be continuous and approachable in order to create an engaging experience for all workers,” said David Somers, group general manager, office of the chief human resource officer product, Workday. “Workday Journeys helps empower organizations to deliver hyper-personalized experiences that support and guide employees in key moments, while enabling the business to adapt to changing workforce needs. We’re honored to be recognized for the value and innovation Workday Journeys brings to our customers.”

The RemoteTech Breakthrough Awards is conducted by RemoteTech Breakthrough, a leading independent market intelligence organization that evaluates and recognizes standout technology companies, products, and services empowering remote work and distributed teams around the globe. This year’s program attracted more than 1,450 nominations from more than 15 different countries.
